Feature	Mobile Scale Software Feature Description
<i>Scaling Types</i>	B.I.G. Scale, Metric, Alberta, FBM, Scribner, Sample, DecimalC, Cubic, Doyle, Huber, International, Japanese Agricultural Scale (JAS), Inventory & Bundling.
<i>HBS</i>	Sign, print, and export all Harvest Billing System data/reports directly from the handheld.
<i>Multiple Scales</i>	Independent, Dual, or Triple Scales at the same time.
<i>Sample Scale</i>	Record all Sample deductions (Heart Rot, Butt Rot, Ring Rot, Etc). Deduction shortcuts on keypad 'Hot Keys' for efficient data entry.
<i>Tagged Scales</i>	Tagged Scales, Separate Inventory, and Government / Simultaneous Scales Possible
<i>Menu Driven</i>	Easy to use operation; No complicated commands to learn.
<i>Reports</i>	MobileScale comes with all HBS reports pre-loaded. Produce load summaries directly from the handheld. Create required daily (Single Scaler) reports on the handheld using over 250 unique fields.
<i>Hot Keys</i>	Use Hot Keys for 'one touch' log field data entry (Sort, Species, Grade, Etc).
<i>Volume</i>	Use quick view volume screens to check volumes mid-way through loads.
<i>Data Screening</i>	Sort Codes allow users to specify maximum and minimum lengths, allowable species, grades, and volume for a given sort; Sort parameters have two forms: 'Overrideable' and 'Absolute'. Preferred Lengths for each sort can also be entered and checked. Use Species/Grade Tables to filter out errors during the data entry process.

Feature	Feature Description
<i>Data Transfer</i>	Send data from the handheld directly to floppy disk drives, modems or connected PC. Send using KERMIT, TCP/IP file copy (through RF or direct connection to PC), email or FTP.
<i>Printing</i>	Print directly to a Serial printer; use IrDa or RF to print wirelessly on a laser printer.
<i>Storage</i>	DAP PC 9800: 80 Loads / 7000 Pieces. CMT Interior (Sample): 2000 Pieces. DAP CE 5320: 170 Loads / 15000 Pieces. CMT Coastal (No Sample): 5000 Pieces.

This document contains SOFTWARE pricing only. HARDWARE pricing is available in a separate document.
